

## Equine Health Camp organized at Village Sadalpur, Adampur (Hisar)

An Equine Health Camp was organized by ICAR -National Research Centre on Equines, Hisar Equine Health Camp at village Sadalpur, Adampur (Hisar)(Haryana) on December 6, 2018. During the equine health camp 09 equines were examined for various ailments by a multidisciplinary team of scientists and technical officer from the Centre. Veterinary officer and staff at Veterinary Hospital Sadalpur assisted NRCE team in organization of the Equine Health Camp. De-worming tablets and mineral mixture were provided to the equine owners and on-spot treatment was provided to the equines suffering from various ailments. The bio-samples were also collected from all available equines for disease epidemiological studies. The NRCE team responded to various queries on health and management of equines and provided solutions to equine owners. The farmers were acquainted about de-worming schedule, prevention and management of ticks, colic, lameness and feeding practices in equines. The equine owners were also briefed about management, housing, hoof care and grooming of animals. The toll-free helpline number of ICAR-NRCE 1800-180-1233 was provided to equine owners for future assistance.
