

ICAR-NRCE participates in Buffalo Mela at ICAR-CIRB Hisar

ICAR-National Research Centre on Equines participated in Buffalo Mela at ICAR-CIRB, Hisar with exhibition stall of ICAR-NRCE on March 18, 2015. The exhibition stall organized in ICAR-CIRB Buffalo Mela was visited by Dr Randhir Dalal, Member Secretary, Haryana Kisan Ayog, Dr Balbir Singh Sheokand, Director Extension, LUVAS, Hisar, Dr Inderjeet Singh Director ICAR-CIRB, accompanied by Director ICAR-NRCE. The exhibition stall depicted the technologies, vaccines and diagnostic kits developed at NRCE for equine health, production. The stall also displayed information on different breeds of horses and different aspects of equine husbandry and management.

The scientists at stall responded the queries of visiting farmers and equine owners regarding equine health and management. Extension literature on equine husbandry was provided to farmers and equine owners. Information about institute activities and technologies developed at NRCE was given to farmers, visiting dignitaries and officials at the ICAR-NRCE exhibition stall.
